

Dear FCC:

My name is Tina McMillan and I live in Georgetown Kentucky, where I listen to K-Love on 89.9 FM. K-Love is a God send, I know that religion is not factored in on these types of issues, but to hear positive encouraging music is really important to me. I used to listen to hip-hop, country, or top fifty stations, but I would have to turn the station off everytime my kids were in the car because of how much is allowed to be broadcast now. I can't listen to a secular station without hearing profanity or just vulgar comments, and I don't want to be subjected to that and I certainly don't want my kids to be. I know that you are considering making LPFM stations a priority of FM stations, but I strongly recommend that you reconsider that. It doesn't matter if your christian or not, stations like K-Love are positive and they focus on good morals and good character, and with all the evil and bad influences we have in the world today we need stations like K-Love. K-Love is the only positive station that I can pick-up in Georgetown and it is making a difference in this community one person at a time, by encouraging good attitudes, loving one another and treating people as Jesus would have treated them. If LPFM were to take priority over FM and stations like K-Love were replaced, and the public was unable to hear the wonderful news that has happened across the world, that you would not hear on TV or on other stations, or we didn't hear the encouragement that K-Love provides and the values and morals that it supports, I can only foresee the public sinking into a more sinful state than it is already in. K-Love has personally made me a better citizen, by making me a better person. PLEASE DO NOT DENY THE PUBLIC THE OPPORTUNITY TO BECOME MORE CARING, LOVING, CONSIDERATE PEOPLE, BY TAKING AWAY ONE OF THE FEW POSITIVE THINGS WE HAVE.

Sincerely,

Tina McMillan
